Dear Pastor Roger,

2012 greetings from the Philippines!!!!

As usual, 2012 started with many pastoral duties, performing wedding ceremonies, dedicating babies, attending family reunions and many others... but this year it is not that simple with my baby Danah around. And last week it took a toll on her health when we had a car break down coming home in the evening. she suffered a skin allergy brought about by the weather and had severe cough... at 3-month old she had to take anti-biotics. And so its been really difficult the past days but it has taught me many lessons of trusting God again. Praise the Lord for her complete healing!

Thank you so much for your \$100 gift for Danah. She is scheduled to have her next vaccine first week of February. Also Our house is only an extended room and so we need to build an extra room for her. Pleare pray for this need to.

We still have many scheduled meetings with the different church leaders because in our Organization, we would like to re-structure our church leadership to make it more effective for evangelism and discipleship. Also Danny will go again to the states, leaving most of his ministry to me and Joe... I hope next year I can go with him and visit you too, how about that? Amen! If Jesus tarries... so be it!!!:-)

I know you guys there are busy too. We pray for you often.. will send you some pictures after this mail... this unit has some problem attaching the pictures.. thank you so much for all your love and prayers... we love you!

God bless you!

EMILY

DANAH CRUZ
